

A man in a grey long-sleeved shirt and black pants is performing a functional exercise in a gym. He is wearing a weighted vest and holding a green resistance band. He is in a lunge position, with his right leg forward and his left leg back. The gym has a red floor and various exercise equipment in the background.

OUR MISSION

UNE EXPÉRIENCE CLIENT EXCEPTIONNELLE

Nous visons à fournir une source de produits et services de qualité qui répond ou dépasse vos attentes. C'est pour cela que nous avons choisi la marque Exigo.

En tant que fournisseur exclusive pour le marché Suisse, nous sommes déterminés à vous proposer :

- Excellence opérationnelle et excellente qualité des produits
- Fabrication au Royaume-Uni sur notre propre site de production
- Amélioration continue et innovation des produits
- Offrir des niveaux supérieurs de service à la clientèle
- Communiquer de manière efficace et efficiente - même quand c'est une mauvaise nouvelle !
- Investir du temps, de l'énergie et des ressources dans nos relations d'affaires
- Ne pas couper les coins pour gagner des contrats
- Investir dans la formation et le perfectionnement de notre personnel
- Etre en contact permanent avec nos clients, nos marchés et nos communautés
- Agir de manière socialement responsable en tout temps dans tout ce que nous faisons

Nous offrons une gamme complète d'options de personnalisation inégalée dans l'industrie du fitness. Qu'il s'agisse de couleurs de peinture et de tissus d'ameublement ou de tailles de cadres personnalisées, notre équipe talentueuse peut concevoir et fabriquer des cadres qui répondent à vos besoins individuels.

SUSPENSION TRAINING WALL MOUNT

2M - ST-1000
3M - ST-1005
4M - ST-1010
5M - ST-1015
6M - ST-1020

This versatile wall mount is perfect for anchoring suspension training kits. It's unique design also allows users to carry out pull-ups and hand over hand exercises. Available in a variety of lengths including custom sizing for individual club requirements.

PUNCH BAG WALL MOUNT

2M (2 Hanging Pnts) - ST-1025
3M (2 Hanging Pnts) - ST-1030
4M (3 Hanging Pnts) - ST-1035
5M (3 Hanging Pnts) - ST-1040
6M (3 Hanging Pnts) - ST-1045

Increase your options by choosing this design which allows you to hang punch bags from this space saving mount.

SUSPENSION TRAINING FRAME

2M - ST-1050
3M - ST-1055
4M - ST-1060
5M - ST-1065
6M - ST-1070

Our tried and trusted suspension training frames are robust and designed for multiple users at any one time. Available in differing lengths with attachment options that include a dipping station, punch bag hanging arm, chin up bar and transport wheels with locking mechanism.

STABILITY PLATES (EACH)

ST-1075

20KG (each) bolt on base plate for where floor fixing is not possible.

SUSPENSION TRAINING CHIN ATTACHMENT

ST-1080

The Chin Attachment allows for secure chin up exercises.

SUSPENSION TRAINING DIP ATTACHMENT

ST-1085

The Dip Attachment allows for secure dip exercises.

PORTABLE CORE PLATE

CR-1000

Perfect for use in any environment as can be located anywhere. For rotational and core target workouts with 50mm Olympic bars. Sturdy steel construction with non-slip feet. Requires weighting down with maximum of 60kg plates for stability (plates and bar not included.)

DOUBLE PORTABLE CORE PLATE

CR-1005

Dual use unit perfect for use in any environment as can be located anywhere. For rotational and core target workouts with 50mm Olympic bars. Sturdy steel construction with non-slip feet. Requires weighting down with maximum of 60kg plates for stability (plates and bars not included.)

WALL/FLOOR MOUNT CORE PLATE

CR-1010

For rotational and core target workouts with 50mm Olympic bars. Must be wall or floor mounted before use.

Please note: wall and floor fixings not included.

SPEED SLED

CR-1015

Develop explosive speed and power with the Exigo Speed Sled. Resistance training, especially weight sled training is a proven tool for improving acceleration and power. Simply add Olympic style weight plates to increase the weight load and push your body to its limits.

FITNESS SLED

CR-1020

Sled training is now accepted as a fundamental tool by coaches to further any strength and conditioning programme. Our solid steel frame sled has two heavy duty weight pins to allow plate loading up to 140Kg capacity. Extended comfort grip handlebars allow multiple pushing positions and the sled can be pulled by attaching rope or straps to the welded eyelet to the front.

DUAL FITNESS SLED

CR-1025

Ideal for use in competitive team training and for elite sports clubs and gyms – supplied with 4 corner weight pins and central located weight pin for even weight distribution. Strong rope and harness connecting eyelets + dual extended comfort grip handles.

FITNESS SLED ATTACHMENT

CR-1030

This attachment is perfect for rugby clubs as it replicates the scrum engagement where natural movement deviates from a solely linear plane. Encourages core involvement to maintain your intended path.

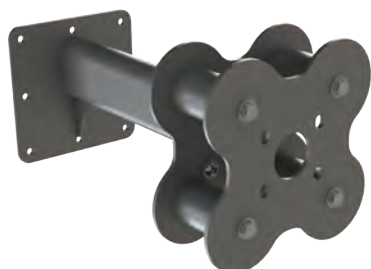

Fitness Sled not included.

FARMERS WALKS (PAIR)

CR-1035

Sold as a pair our farmers walk bars are perfect for strongman carries which challenge the majority of major muscle groups. Precision welded for durability, our Walk Bars have been designed for use with Olympic plates so you choose the intensity of your workout, and carry a lifetime frame guarantee.

WALL MOUNTED ROPE PULL

CR-1040

The rope pull is a versatile cardiovascular attachment which makes a great addition to any training facility

CUSTOMISATION OPTIONS

Here at Exigo we pride ourselves on being able to offer a comprehensive variety of customisation options. Choose from a range of standard primary & secondary colours, or alternatively if you a specific colour, Exigo would be able to match those requirements. We offer 13 standard upholstery colours to choose from with the option of custom upholstery branding protection wraps.

All our equipment is designed & manufactured in our UK factory giving us complete control over products, this allowing us to engineer custom frame sizes and requirements to fit your individual needs. Our team of designers can produce a full 2D/3D concept gym design to bring all your ideas to life and help you realise your facilities full potential.

Our rigs can be coloured with primary and secondary colours. Please see the examples below.
